

Welcome to Manor School! We are glad to have an updated website to share with you! We are a school where humor is appreciated, camaraderie is apparent, shared decision-making is part of our school operations, and technology supports and enhances learning.

As principal of your school, my own goal is to establish a warm, caring, and safe environment where all children experience success. Our District theme this year is *Envision 2020*. Manor School will expand upon that by exploring initiatives that will help us improve student achievement, asset development, and wellness. My door is always open to you, and I welcome any suggestions you might have. We will keep this website updated weekly with Manor Messages to keep everyone informed.

Manor School is a special place, in a great American school district, and we are all (children and adults) active members of a learning community. The intermediate years are important for children as they grow physically, intellectually, socially, and emotionally. Our job is to work with parents to help children become respectful, thinking, and responsible young people.

Our goals are to have all Manor children demonstrate the following standards: communicators; responsible members of society; respectful of self and others; lifelong, self-directed learners; creative and critical thinkers; and quality producers.

We look forward to serving you and your children throughout the coming year. If I may be of service, please contact me at school (624-7160) or at home (242-0822); e-mail dan_mccarthy@hflcsd.org. Finally, I wish everyone a great year ahead, and challenge you to use this website often and stay informed!
